

Stay The Trail

Colorado residents and visitors are fortunate to have the many resources this state offers for Off-Highway Vehicle use. Trails are abundant and enthusiasm for OHVs is mile-high.

Stay the Trail's mission is to reinforce and highlight responsible OHV use, and to modify and mitigate irresponsible use in an effort to minimize resource damage on public land. Our goal is to create a statewide culture of responsible OHV use which will continue beyond the life of the project, effectively creating a stewardship ethic among all Colorado OHV recreationists.

Stay The Trail is a program of the Responsible Recreation Foundation. The program steering committee includes the Colorado Off-Highway Vehicle Coalition (COHVCO), Colorado State Parks, the Bureau of Land Management, the USDA Forest Service, Colorado Division of Wildlife, Quiet Use Coalition, and representatives of other motorized and non-motorized user groups.
